School of Arts & Humanities Late Policy:

Students are expected to submit classroom assignments by the posted due date and to complete the course according to the published class schedule. As adults, students, and working professionals, I understand you must manage competing demands on your time. Should you need additional time to complete an assignment, please contact me before the due date so we can discuss the situation and determine an acceptable resolution.

Work posted or submitted after the assignment due date will be reduced by 10% of the potential total score possible for each day late up to a total of five days, including forum posts/replies, quizzes, and assignments.

Beginning on the sixth day late through the end of the course, late work, including forum posts/replies, quizzes, and assignments, will be accepted with a grade reduction of 50% of the potential total score earned.

TurnitIn:

Assignments are automatically submitted to Turnitin.com within the course to verify originality and detect potential plagiarism and academic dishonesty. Turnitin.com will analyze an assignment submission and report a similarity score. Your assignment submission is automatically processed through the assignments area of the course when you submit your work.

Academic Dishonesty:

Academic Dishonesty incorporates more than plagiarism, which is using the work of others without citation. Academic dishonesty includes any use of content purchased or retrieved from web services such as CourseHero.com or Scribd. Additionally, allowing your work to be placed on such web services is academic dishonesty, as it is enabling the dishonesty of others. The copy and pasting of content from any web page, without citation as a direct quote, is academic dishonesty. When in doubt, do not copy/paste, and always cite.

Submission Guidelines

- All assignments in COMMUNICATION courses must be submitted in standard formats such as Microsoft Word, attached in the assignment area unless otherwise specified.
- Some assignments may have very specific requirements for formatting (such as font, margins, etc) and submission file type (such as .docx, .pdf, etc). See the assignment instructions for details.
- It is your responsibility to ensure the all submitted work can be accessed and opened by the instructor. Assignments should not be sent to the instructor through “Messages” or E-mail but must be submitted through the Assignments area directly.

Disclaimer Statement

- Course content may vary from the outline to meet the needs of a particular group or class.

Discussions:

- All initial discussion posts are due on Thursdays by 11:55 p.m. ET throughout the course.
- All peer responses are due on Sundays by 11:55 p.m. ET throughout the course.
- Discussions are the heart of the interaction in this course. The more engaged and lively the exchanges, the more interesting and fun the course will be. Only substantive comments will receive credit. Although there is a final posting day/time after which the instructor will grade and provide feedback, it is not sufficient to wait until the last day to contribute your comments/questions. The purpose of the discussions is to actively participate in an on-going discussion about the assigned content.
- “Substantive” means comments that contribute something new and important to the discussion. A message that simply says “I agree” is not substantive. A substantive comment contributes a new idea or perspective, a follow-up question to a point made, a response to a question, an example or illustration of a key point, an inconsistency in an argument, etc.
- As a class, if we run into conflicting view points, we must respect each individual's own opinion. Hateful and hurtful comments towards other individuals, students, groups, peoples, and/or societies will not be tolerated.
- You must post a response to the weekly discussion topic and post the required number of replies to other students during the week due. Please refer to the grading rubric and/or weekly discussion guidelines for specific expectations on the number of replies and word count requirements.
- Late posts to a discussion topic will be subject to the School late policy and may not be accepted without instructor approval.
